ABOUT ME

I am a passionate 16 year old web developer from Nigeria with over 2 years of experience. My journey started in secondary school, where I discovered a passion for creating web applications. I refined my skills while interning at Cinfores Limited, focusing on MERN (MongoDB, Express.js, React, Node.js) development. Initially a Front-end Developer, I transitioned to full-stack MERN development and have excelled in this field ever since.

EXPERIENCE

MERN Developer   2023 – 2024
Cinfores Limited

- I worked on the user interface of a fashion application for tailors and users called Stylors.
- I worked as a MERN developer while developing a Pinkary clone called Idea Lab
